

FALCON

Patient Lift

VERMEIREN
we care for you

Only 48 seconds from lowest to highest position

Battery status indicator

Audible warning when the battery is very low

Falcon, a safe and secure choice

A perfect mix between safety, security, and technology. Falcon allows for easy and comfortable transferring of patients. The two brakes assure a locked position for ultimate safety when lifting or lowering. With its balanced design, maneuvering becomes smooth sailing for both patient and attendant.

Quality guaranteed

Regarding quality, **Falcon** complies with the highest norms, laid down by certified test institutes in most European countries.

Products designed to suit you

VERMEIREN always strives to come up with the best solution available to encompass your personal needs. As technology advances, so do we and as such we can offer you the most up to date products. This is the result of our continuous research and experience since 1957.
